

Web UI Developer / Brand Focused Online Retail

We want the most innovative, user-friendly, cleanly coded, and cool retail website designs around, and we want you to design them. Ready to take it to the next level?

Medwing is a quickly growing, Austin-based online retail company with over 30 individual websites, each focused on just one brand. Our team includes customer service, warehousing, marketing, administration, and your team: development. Medwing was founded in 2002, made Inc. 500's Fastest Growing Private Companies in America list by 2007, and was recently recognized by Austin Business Journal as one of the top 10 small companies to work for in Central Texas. We're people-focused and fun. And we have a snack fridge!

As our new User Interface Developer, your artistic vision will shape the look and feel of our sites. Thanks to your great graphics coding capabilities, we'll be able to upgrade our existing successful websites to the most appealing, user-friendly designs on the web. Because of your creativity, customers will love spending time on our sites and constantly compliment their ease of use. You'll fit right in with our downtown, hip, flexible, and driven team – you're passionate about your design, coding, and making a difference. Examples of some of our brand-focused websites include: WayneDaltonStore.com; VornadoCentral.com; ShopVacStore.com; and CaribooStore.com.

Job Skill Requirements:

- Strong skills/experience in front-end UI web design and development (HTML, CSS & JavaScript)
- Hand-code standards compliant, cross-browser-compatible HTML and CSS
- Strong graphic design/layout skills including slicing & optimizing web graphics with Adobe Suite
- Familiarity with jQuery, PHP, & MySQL
- Experience creating successful banner ads and email graphics
- Minimum 3 years experience with web design and e-commerce
- 4 year design/Web-related degree or equivalent experience preferred

Desired Characteristics:

- Creative & innovative while focusing on end-user experience
- Strong attention to detail with a great eye for design balance
- Experience and good judgment to plan and accomplish goals
- Ability to multi-task in a fast-paced, deadline driven environment
- Strong communication skills – receptive to suggestions and others' ideas
- Ability to work collaboratively

Let us know: What more do you bring? What do you want to accomplish?

As a rapidly growing company, we have a lot to offer in addition to "normal" benefits. We offer significant profit sharing and a unique environment – even our visiting children consider our workplace fun and cool! We are an open-book, open management company where everyone knows all elements of our business and everyone makes significant contributions toward creating our future.

To Apply: Please submit a cover letter, resume and salary requirements along with links to samples of your work to: careers@medwing.com.
